

YOUNG MODELLERS

12-week TY programme to empower students to identify and apply mathematics learned in class to solve real-world problems

We are looking for 15 Teachers to participate.

All teachers will receive training and ongoing support on how to guide students moving from problems formulated in non-mathematical terms to developing mathematical solutions

Young Modellers Programme valued at approx
€5,000 per school

Teachers from girls, mixed-gender, and DEIS Schools strongly encouraged to apply
